Dr Joseph is group leader of the Marin Chapter at Citizens Climate Lobby and an emergency physician trained to help educate the public about the devastating impacts of global warming. He is the co-author of *The Little Engine That Could: Carbon Fee and Dividend*, the Popular Choice winner in the U.S. Carbon Price category with the MIT Climate CoLab contest. Dr. Joseph will propose an economic solution to the climate crisis that can be acceptable to conservatives and progressives alike.

Citizens' Climate Lobby (www.citizensclimatelobby.org) is a non-profit, non-partisan, grassroots advocacy organization focused on national policies to address climate change. In order to generate the political will necessary for passage of the Carbon Fee and Dividend proposal the CCL trains and supports volunteers to engage elected officials, the media and the public. www.citizensclimatelobby.org.
